**ANNOUNCES ADDITIONAL REINVESTED DISTRIBUTION AMOUNTS**

**Toronto, January 4, 2021** –FT Portfolios Canada Co. (the “**Manager**”), the manager of the following exchange-traded funds (the “**First Trust ETFs**”) announced additional reinvested distribution amounts for the year ending December 31, 2020 for applicable First Trust ETFs. The Manager has determined that reinvested distribution amounts are to be paid in respect of the units of the First Trust ETFs noted below. Reinvested distributions generally represent realized capital gains and other income or special distributions received by the First Trust ETFs over and above cash distributions paid out during the year and are paid to unitholders, as required, to ensure the First Trust ETFs are not liable for ordinary income tax. These distributions are paid in units which are automatically consolidated, on record date, and do not impact net asset value per unit. The effective record date for the additional reinvested distribution amounts is December 31, 2020.

Details of the per unit reinvested distribution amounts are shown in the table below:
