

Effective February 12, 2021, the First Trust ETF changed its investment objectives to seek to replicate, to the extent possible, the performance of an index of U.S. companies that have shown dividend consistency and dividend sustainability, initially the Morningstar® Dividend Leaders IndexSM. In connection with the change of investment objectives, the name of the First Trust ETF was changed to First Trust Morningstar Dividend Leaders ETF (CAD-Hedged). The First Trust ETF provides exposure to its new index by investing all or substantially all of its assets in an underlying U.S. index fund known as First Trust Morningstar Dividend Leaders Index Fund, which is managed by the First Trust ETF's portfolio advisor.

Investment Objective

First Trust Morningstar Dividend Leaders ETF (CAD-Hedged) (the "First Trust ETF") seeks to replicate, to the extent possible, the performance of an index of U.S. companies that have shown dividend consistency and dividend sustainability, initially the Morningstar® Dividend Leaders IndexSM. The First Trust ETF will obtain exposure to the index by investing all of its net assets in the First Trust Morningstar Dividend Leaders Index Fund (the "Underlying Fund") a US-listed index ETF which replicates or substantially replicates the Index. The First Trust ETF will generally seek to hedge substantially all of its U.S. dollar currency exposure associated with its portfolio investments in respect of the hedged units back to the Canadian dollar.

Key Features of Underlying Fund

- Monthly Income
- Proprietary multi-step screening process
- Exposure to companies with dividend consistency
- All the benefits of an ETF including intraday trading, transparency and liquidity and low fees

Risk rating

First Trust Portfolios Canada has rated the volatility of this ETF as **medium** This rating is based on how much the Underlying Fund returns have changed from year to year. It doesn't tell you how volatile the ETF will be in the future. The rating can change over time. An ETF with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the ETF's returns, see the Risk Factors section of the ETF's prospectus.

Effective February 12, 2021 the investment objective of the fund changed and it now seeks to replicate the performance of an index of U.S. companies that have shown dividend consistency and dividend sustainability, initially the Morningstar® Dividend Leaders IndexSM. The First Trust ETF provides exposure to its new index by investing all or substantially all of its assets in an underlying U.S. index fund known as First Trust Morningstar Dividend Leaders Index Fund, which is managed by the First Trust ETF's portfolio advisor. If this change had been effective throughout the performance measurement period the performance of the fund should have more closely replicated performance of the index.

¹ As of December 31, 2024 audited annual financial statements and MRFP.
² Distribution rate is calculated by dividing the most recent annualized distribution paid or declared by the Net Asset Value. Distribution rates may vary. The distributed amount may include return of capital (ROC) from time to time.
³ The First Trust ETF's management fee will also bear the management fee of the underlying fund (i.e. First Trust Morningstar Dividend Leaders Index Fund).

First Trust Morningstar Dividend Leaders Index ETF (CAD-Hedged)

The First Trust ETF will obtain exposure to the Index by investing in the Underlying Fund, a US-listed index ETF which itself replicates or substantially replicates the Index.

The index consists of stocks listed on one of the three major exchanges:

NYSE
NYSE Amex
or Nasdaq

that have shown dividend consistency and dividend sustainability. Real Estate Investments Trusts (REITs) are not included

Through the application of Morningstar's proprietary multi-step screening process, a universe is identified. The top 100 stocks, based on dividend yield, are selected for the index

The individual holdings are weighted based on each security's shares outstanding, free float factor, and annual indicated dividend per share. The weighting of each holding is capped to enhance portfolio diversification

The index is reconstituted once annual each June and rebalanced four times annually in March, June, September, and December
